

**METRO
DELI®**

ALL NATURAL* HONEY ROASTED TURKEY BREAST

**No Artificial Ingredients | *Minimally Processed | No Preservatives | No Binders or Fillers*

With tradition and quality ... just like your neighborhood deli

Metro Deli® is proud to introduce its latest innovation — an all natural honey roasted turkey breast without fillers, artificial ingredients, phosphates or nitrates. The hint of smoky, chipotle flavor combined with sweet honey creates the perfect sub, sandwich or wrap.

Product Inspiration

A truly superior product, our All Natural Honey Roasted Turkey Breast is a cut above the rest. The sweetness provided from the honey is accented nicely by the smoky notes of the chipotle rub.

Our product is made of a single lobe turkey breast. This premium product has a clean label which means it contains no fillers, phosphates or nitrates. In fact, there's nothing artificial about it. It's a great controlled-sodium option, packed with flavor.

Food Fact

Chipotle peppers are smoked, dried, red jalapeños. Smoking jalapeños dates back to the Aztecs who were thought to have preserved chilies this way.

Product Attributes

- Honey-roasted and rubbed with chipotle seasoning
- Single lobe, whole muscle turkey breast
