MAKE THE CUT.

When we say all natural ingredients, we mean it. All Metro Deli meats are made with seven ingredients or less – meat, water, salt, pepper and other natural seasoning. It’s a difference you and your customers can taste. Metro Deli covers a wide range of offerings, starting with the classics like, oven roasted turkey breast, roast beef and uncured gourmet ham.

You can also create signature sandwiches that will help turn you into a neighborhood legend with meats such as our all natural deep fried chicken breast, uncured cooked corned beef brisket and more. Metro Deli has a way of making customers line up to get their hands on your latest sandwich creations.
