*No Artificial Ingredients | Minimally Processed | No Preservatives | No Binders or Fillers

Your “Buffalo Wing” sandwiches will fly out the door.

We dry rub this premium, all natural chicken breast with a proprietary seasoning blend to add a true “Buffalo” kick. Then we deep fry it for an extended time for genuine, southern fried flavor with still just 1.5 grams of fat per serving.

Product Description

We’ve eliminated all the negatives that come with classic, Buffalo wings (bones, mess, too little to eat) and kept the hot, spicy, wonderful hot sauce taste! We deep fried it to save you time and trouble so you can put your efforts into creating amazing sandwiches, salads and anything else you can imagine that would be tastier with a little extra zip.
